

CR 105 Sheet

Pure Cork Underlay Light Density

Ideal for massive hardwood and wooden parquet

Shape Sheet

Dimensions 915mm x 610mm 36" x 24"
1000mm x 500mm 40" x 20"

Thickness 2mm up 5/64" up

Description Agglomerated Composition Cork produced with pure granulated cork and a polyurethane binder

Specific Weight	145-180 kg/m ³	ISO 7322
Tensile Strength	≥ 200kPa	ISO 7322
Compression	40% - 60%	ISO 7322
Recovery	≥ 75%	ISO 7322
Noise Reduction	19 dB	ISO 140 & 717
Thermal Conductivity	0.038 W/m ² K	ISO 8301
Thermal Resistance	0.053 M ₂ ² K/W	ISO 7322

Thermal Insulator

Resilience, Compressibility and Recovery

Hypoallergenic

Excellent Acoustic Insulation

Walking Comfort

Easy to Maintain

100% Natural, Reusable and Recyclable

Resistance and Flexibility
